Thus a 3 target lane allows for 7 minutes.
- A **maximum 20 ft/lb limit** with the **pellet you are using** will be enforced in **Open and Hunter Divisions**
- A **maximum 12 ft/lb limit** with the **pellet you are using** will be enforced in **WFTF Divisions**

## Tips for our American Friends

- **Airguns with a muzzle velocity over 500fps are considered Firearms in Canada, and need to be registered. BUT don't worry, it's a simple thing to do.**
- Go to this website and send an email to receive form **RCMP 5589 / CAFC 909**  
<http://www.rcmp-grc.gc.ca/cfp-pcaf/form-formulaire/index-eng.htm#f6>
- Fill out the form in triplicate to speed things up at the border, **but do not sign them. The Customs Officer will want to see you sign them.**
- If you have over three (3) guns, you will need a continuation form from the same website. Unfortunately a flat fee of \$25 has been added for all rifles on form, not per rifle.
- There is lots of information on the RCMP site for visitors, but if you are only bringing air rifles, you should have no problems at the border.
